PROPERTIES

OSTRIA

RESIDENCE

Ostria Residence is the place where excellent design is brought to light in one of the most beautiful areas of Nicosia, Strovolos. Located ideally in close distance to the Town Hall of Strovolos, the English School, and the broader area of the city center. This project consists of only 6 apartments, two and three-bedroom, located 2 on each floor. Modern architecture, premium orientation

and impeccable interior design, contribute to an airy and luminous living space, that promotes a harmonious environment for all residents. The project stands out for it's supreme functionality, the high quality materials in the interior and exterior.

**All the above interior images are optional and represent adaptations of possible result.*

OSTRIA

RESIDENCE

Elegant, modern, and memorable. A building
in one of Nicosia's best locations.

Design details that maximize
functionality and create a welcoming

GENERAL

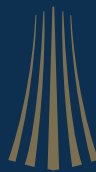

The dimensions presented on the plans are at maximum approach and none of the involved parties should have any other claim from the other for any approximate difference. Any plans, promotional or prospective which are not counter-signed when signing contracts, are not part of the agreement and do not bind the seller. With this agreement, the buyer is responsible to provide all the necessary information for the smooth progress of the construction work in accordance with the timetable agreed. It should be noted that in the event of inability or subversive for progress delay in decision-making on behalf of the Buyer or a representative, the seller holds the right, upon certain notification, to proceed with the adoption of measures that will ensure the productive efficiency and timely delivery of the property. There is no provision for any compensation or any other remedy for the buyer for any consequences that may arise from such works. The seller is possible during the rebuild of the project: To alter or modify the plans, if in the sole discretion of the supervising architect, these modifications are reasonably necessary for technical or aesthetic reasons, provided that these do not affect the Building substantially and provided that they comply with the laws and regulations concerning the construction of buildings.

- Note 1:** The above values of technical specifications include the value-added tax of 19% as it is today. In the event of a change in the rate of Vat, the prices of materials are adjusted automatically based on the new rate.
- Note 2:** the amounts of provision for the woodworking will be applied by the GOLD HERITAGE company as agreed with the vendor who will execute the project.
- Note 3:** Amount of deduction is the amount which will be charged to the buyer, in case of selection of materials from suppliers who do not cooperate.
